

# Memories of World War II

## Our Residents Remember

This book is the culmination of a remarkable exhibit that was displayed at the Deaconess Abundant Life Communities Concord, MA community in 2007 about the World War II era experiences of our residents.

The exhibit developed out of the recognition that because more than 60 years have passed since the end of WWII, we are losing the memories of this “Greatest Generation” as its members leave us.

Knowing that the lives of many members of our community were significantly impacted as they served, worked and lived through the war, residents were invited to share their stories and photos with us which were featured in the exhibit and recorded in this book.

**Books are available at a cost of \$20**

**To purchase, contact:  
The Development Office at  
978-369-5151 Ext. 370**
